Mulayh Ibn Maareesa (Ansata Amir Zaman x Maareesa)

SIMEON STUD'S
TREASURES

FROM GERMANY

"Asfour and Imperial Madaar have some common ancestors whom I admire.

*These are the stallions Hadban Enzahi and Ghazal,
and the mares Malika and her daughter Maymoonah.*

*My theory, after having followed their progeny over more than 22 years
was to bring back these old bloodlines to use with my younger stallions.
I have travelled as much as I can looking at farms with bloodlines that I love
searching for another treasure to add to our fine collection."*

*The bay stallion Mulayh Ibn Maareesa (Ansata Amir Zaman x Maareesa)
and three grey mares have been imported from Germany. The mares
El Dahma II (Montasar x Bint Iman), Mussallah (Montasar x Mohebbah Bint Maymoonah)
and CM Moussameh (Mulayh Ibn Mareesa x Moussah Bint Moussameh)*

The stallion *Montasar* (left) features in the pedigrees of all three mares. He was sired by Madkour out of Maymoonah, and is the sire of two mares and the grandsire of the other. These old mares are absolutely classic with huge black eyes, perfect feet and legs...so truly Arabian.
